

21 February 1952

MEMORANDUM FOR: DEPUTY DIRECTOR/INTELLIGENCE

SUBJECT: OSI Survey Report

Mr. [redacted], Intelligence Division of AIC, who had read my OSI report, advised me that the statement in paragraph (e) on page 11 is unfair to [redacted]. He said that [redacted] had really done, all things considered, a good job in its analysis and that the [redacted] which I refer to is, in the main, very complimentary [redacted]. He is of the opinion that A-2 could really take offense to the statement in paragraph (e).

You will realize that I had to rely upon people within the Agency for these statements and I am only too pleased to retract and correct any errors of fact such as this appeared to be.

I suggest that at the first meeting of your committee you read this memo and state that this correction has been placed in our registry copies. Mr. [redacted] was quite complimentary of the [redacted] job and, as he is a completely disinterested person who should know, I accept his statement completely.

Stuart Hedden
